

**CADEME**

THE BEGINNING  
OF JIADEME'S  
MUSIC DREAM

## QUANZHOU JIADEMEI ELECTRONIC TECHNOLOGY CO., LTD

Founded in 2016, Quanzhou Jiademei Electronic Technology Co., Ltd. is a comprehensive enterprise integrating research and development, design, production, sales and service. The company specializes in the production of digital electric piano and special keyboard for electric piano. The company is located in Wuli Industrial Park, Jinjiang City, Minnan overseas Chinese Township Fujian Province, It has 10000 square meters of production workshops and more than 100 production management teams.

It has an annual production scale of more 100,000 units, strong comprehensive strength such as product quality management and independent core technologies. The company's electric piano heavy hammer adjustable keyboard and black-and-white key damping structure have obtained two patent certificates. We sincerely welcome customers at home and abroad to work hand in hand with "Jiademei" to create a win-win situation.

### BRAND CULTURE

#### SERVICE IDEA

**PROFESSIONAL / EXCELSIOR**

#### CORE VALUES

**CUSTOMER FOCUS,  
SERVICE AS THE MISSION**

#### INSPIRING ADVENTURE

**LEARNING ENTERPRISING  
INNOVATION EXCELLENCE**

The company is committed to the continuous research and development of products, adheres to the principle of "integrity first, win-win cooperation", and maintains in-depth cooperative relationships with many scientific research institutions at home and abroad. The company's offline brand "CADEME" electric piano series products are exported to Europe, America, Southeast Asia and other markets. At the same time, it has also established perfect marketing channels in major large and medium-sized urban areas across the country.

After years of efforts, the company's online brand "Betsy" electric piano has been promoted to one of the top ten domestic electric piano brands. We will unremittingly strive for better quality of products.

## INTELLIGENT CREATION ULTIMATE PERFECTION

The core competitiveness of the enterprise is technological innovation. On the road of development, the company continues to grow, from a semi-automated production line to an automated production line, so that product quality and production efficiency can be strongly guaranteed. In the mileage of growth step by step, work hard for higher goals!

## SUPERB TECHNOLOGY / CRAFTSMANSHIP QUALITY

Advanced production equipment and professional R & D team have created Jiademei's excellent product quality. From material selected, to R & D and production, to sales services, every link is strictly controlled and unremitting in the pursuit of excellence.

## DETAIL IS THE BEST WITNESS OF EXQUISITE WORKMANSHIP

Advanced technology and innovative concepts, ingenious design technology, leading exquisite technology.

From the processing of basic raw materials to the production of sound source systems and the final assembly, each process can be completed efficiently. Accurate numerical control machining allows us to have stricter requirements for quality.
